ARES Net Control Script

Good Evening, this is *(CALL - NAME)*, Net Control for the Nevada County ARES Thursday evening NET. This is a controlled net, and regular users are asked to stand by during the Net.

If there is emergency traffic, please indicate with a call of “BREAK – BREAK”. A “double-break” indicates emergency traffic, and the net will hold until the emergency is finished, or can be moved to another frequency.

From Grass Valley, this net operates on a linked repeater system. For greater Western Nevada County area, the frequency is 147.285, plus offset, and a PL of 136.5 or 151.4. An alternate frequency for Western Nevada County is 147.015, plus offset and a PL of 151.4. From Eastern Nevada County in the Donner / Truckee area, the frequency is 146.640, minus offset and a PL of 131.8.

Persons interested in becoming an ARES member are asked to visit our web site at NEVADACOUNTYARES.ORG. Click on the “Join ARES” link at the top of the page and from there you will find instructions and a link to the ARES Membership Form.

Nevada County ARES holds meetings in-person or virtually on the 1st Thursday of the month. ARES meetings include discussions and hands-on activities on Emergency Communications. Check nevadacountyares.org for current information.

The net welcomes announcements of interest. Are there any announcements for the net?

At this time, I will begin calling the roll:

(go to next page – member check list from http://www.sacvalleyares.org/)

ARES Net Control Script

- Are there are any late or missed member check-ins? Call now, please.
- Now calling other stations who regularly check-in:
  - KF6HHH Dan Yolo County ARES
  - WB6RBE Dave Sac Valley Skywarn
  - KE6KZP Kathy Grass Valley
  - KB6VTU Josh Truckee

- At this time, the net would like to take check-ins from any Allied Served Agencies. Are there any served agency members from the Red Cross, Salvation Army, Hospitals, County or State OESs that would like to check in? If so, please give your call sign, name, and agency. Call now.
- Nevada County ARES encourages guest check-ins. Please speak slowly; use ITU phonetics; AND when called, respond with your name and location. Are there any guests wishing to check in at this time? Call now.

Hearing none/no more, the Net would like to thank those who checked in and the regular users for standing by. The Net would also like to thank the repeater control operators for their assistance.

Please visit us on the web at NEVADACOUNTYARES.ORG

This concludes the Nevada County ARES Net for this evening. This is Net Control *(CALL - NAME)*, returning the repeater to normal operation. Everyone have a good evening.

(Please send an email Report of the number of members, and number of guest check-ins to n6erl@arrl.net. Thanks.)
